Hi Cal

Sending the following link - still trying to help Wabash men. When looking at the photo of me with the interns, I wonder if I am shrinking that much or if they are really big dudes. <https://www.wabash.edu/news/story/13354>

Jan and I move to a retirement community at the end of this month. Will still have the same emails.

Have you and Marsha made the journey to C'ville for football season?

Dennis
